2025 World Forum on Public Safety Technology (WF-PST)

23-25 September 2025, Orlando, Florida

The IEEE World Forum on Public Safety Technology (WF-PST) is an event focused on current and future developments in public safety technology. Join us to explore advancements in both existing and emerging technologies, discover new research, and gain insights into innovations that are shaping the future of public safety applications.

Be a part of the IEEE WF-PST 2025, a global thought leadership event on technologies for public safety applications that brings together industry, academia, and governmental change makers for critical discussions.

Discover New Customers, Create Pivotal Partnerships, and Increase your Reputation at the WF-PST 2025

At **WF-PST 2025**, you'll connect with industry leaders, researchers, investors, and potential clients who can accelerate your business growth.

Exhibitors and Sponsors for WF-PST can expect to:

- Gain exposure for your technologies among top technologists, policymakers, public safety agencies, government representatives, and other decision-makers looking to buy or market cutting-edge public safety technologies.
- Position your technologies in front of potential buyers and investors. Meet and discover new collaborators/partners for future projects.
- Distinguish your brand as a leader in the expansive field of public safety technology applications.
- Enhance the visibility of your products and public safety initiatives among influential leaders and decision-makers from government, organizational change managers, and end-users.
- Recruit new talent to fulfill your project needs.
- Engage, interact, and collaborate, where appropriate, with public safety associations, industry consortia, and academic and government entities.

Get the most out of your marketing investment with a package that meets your needs and maximizes your ROI.

Reach Key Decision-Makers

Join us at IEEE WF-PST 2025 and unlock a world of possibilities for recruiting, networking, and propelling your business to new heights.

Showcase your company's products and services to a targeted and qualified audience. The highly visible exhibit area will deliver opportunities for face-to-face meetings and engagement with decision-makers seeking technology solutions and programs addressing public safety needs.

At WF-PST 2025, principal drivers with significant buying power and decision-making authority will be available for you to:

- **Distinguish your brand** as a leader in public safety technologies
- **Grow your leads and form meaningful partnerships** by expanding the visibility of your products and sustainability initiatives
- **Build valuable connections** to develop new customers who can take your company to new heights

EXHIBITS

Exhibits open: 23 - 25 September 2025

WF-PST is where public safety leaders, industry consortia, academic and government entities, and technological leaders, researchers, and futurists convene to find new technology solutions, learn about technical challenges, and gain insights on the future of public safety technologies.
